Guildford and Waverley

Join us for an interactive workshop
aimed at improving older peoples user
experience of Guildford and Waverley
Health and Social Care Services.

The aim of the workshop is to hear the seldom heard voices of older people and their carers and/or families who have used the following services in the past year:

1. Hospital care as an inpatient or outpatient
2. Outpatient hospital services
3. Community hospital care
4. Social care

The work shop will be highly interactive utilising facilitators and attractive tools to discuss the issues, help identify opportunities to change and how this can best be achieved.
The discussions will be held in a relaxed, safe environment.
